### Mrs. Fred Unrath,

No. 228 Territorial Street, Benton Harbor, Mich.

"I am pleased to give my experience with Wine of Cardui for its help. After my first baby was born I could not seem to regain my strength, although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband came home one evening with some Wine of Cardui and insisted that I take it for a week and see what it would do for me. As he seemed to have so much faith in it I did take the medicine and was very grateful to find my strength slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

Mrs. Fred Unrath.

hers, as are their ambitions, triumphs and defeats. Healthy women do not suffer miscarriage nor does a woman who is healthy suffer tortures at childbirth. It is the woman who is ailing—who has female weakness—who fears the ordeal of becoming a mother. Wine of Cardui builds up the womanly in a woman. It stops all unnatural drains and strains—irregularities which are responsible for barrenness and miscarriage. It makes a woman strong and healthy and able to pass through pregnancy and childbirth with little suffering. After the ordeal is passed the Wine prepares a woman for a speedy recovery to health and activity.

MOTHERHOOD is the noblest duty and highest privilege women can achieve or aspire to. Without this privilege women do not get all there is in life—too often they go through the world discontented, wrapped up in their own selfish cares and troubles. How different is the happy mother, watching her children grow into manhood and womanhood. A mother lives as many lives as she has children—their joys and sorrows are

Wine of Cardui, in re-inforcing the organs of generation, has made mothers of women who had given up hope of ever becoming mothers. Wine of Cardui will cure almost any case of barrenness except cases of organic trouble. How can you refuse to take such a remedy that promises such relief from suffering? Wine of Cardui simply makes you a strong woman, and strong, healthy women do not suffer. They look forward to motherhood with joy.

### Ecuador Sends Sympathy

PRESIDENT PLAZA CONDOLES  
WITH MARROQUIN OVER  
RECENT EVENTS.

Guayaquil, Ecuador, Nov. 14.—General Plaza, president of Ecuador, has cabled to President Marroquin of Colombia, sympathizing with him in the recent events on the Isthmus of Panama.

President Marroquin has replied, thanking General Plaza and adding that Generals Reyes, Caballeros, Ospina and Holguin are marching on Panama with a large army to subdue the Isthmians.

#### "ISTHMIAN TRAITORS."

Colombian Government Intends to Suppress Them.

Lima, Peru, Nov. 14.—The Colombian minister to Peru has published cable dispatches received from his government, dated at Bogota, Nov. 10, 11 and 12 respectively. The dispatches say that the Colombian government has taken measures to suppress "the Isthmian traitors," and add that all parties and all classes have offered to the government their lives and properties in defense of the national territory.

#### CRITICAL AT BOGOTA.

Furious Despair Over Loss of the Panama Isthmus.

Panama, Nov. 14.—The Associated Press correspondent during the day communicated to Jose Augustin Arango, president of the Panama junta, the first news of President Roosevelt's reception of M. Philippe Bunau-Villars as minister of the republic of Panama. Senor Arango expressed gratification, saying that this act of President Roosevelt's made possible the negotiation of a canal treaty and that such negotiation would probably be completed before the Panamanians held a convention to elect a legislature and adopted a constitution.

It is rumored that the situation at Bogota is critical and that there is a continuance of the manifestations of furious despair over the loss of the Isthmus. The feeling against President Marroquin is growing in intensity and one rumor has it that he has been deposed. The populace of Bogota is talking of sending an expedition to recapture the Isthmus at any cost.

#### TO PREVENT FIGHTING.

American Soldiers May Go to the Panama Republic.

Washington, Nov. 14.—Both Secretary Hay and General Young, the chief of staff of the army, had retired when

the bulletin announcing that an army from Colombia was marching against the Isthmians came, so that it was impossible to learn what action the government might take to meet the issue which will be raised. Rumors were current during the day that the government intended to send United States troops to the Isthmus of Panama, but positive official denials were made that such was the intention of the administration, which some time ago asserted its purpose to prevent fighting that would endanger the free transit of the Isthmus.

#### Cuba Withholds Recognition.

Havana, Nov. 14.—It has been decided by the cabinet that no recognition will be given by the Cuban government to the new republic of Panama until Panama has been recognized by some of the other Latin-American governments.

#### W. C. T. U. IN SESSION.

Thirtieth Annual Convention Opens at Cincinnati.

Cincinnati, Nov. 14.—The thirtieth annual convention of the Women's Christian Temperance union began a session of six days here during the day with a large attendance, the 500 delegates constituting only a small part of the visitors. Prayer meetings and conferences were held early. Mrs. R. J. Trego, national evangelist, was the leader of the opening devotional exercises.

The Ninth Street Baptist church was crowded when President Stevens called the convention to order. After the roll call by Mrs. Clara C. Hoffman of Missouri the reports of the executive and other committees were presented when addresses of welcome and responses were made and telegrams and letters read.

Then Miss Lillian N. Stevens of Portland, Me., delivered the annual address.

#### SYMPATHY FOR STRIKERS.

Federation of Labor Greets Chicago Street Car Men.

Boston, Nov. 14.—A mass of resolutions was delivered to the secretary of the American Federation of Labor during the day and, in order that the various committees might consider them, the convention was adjourned for the day one hour after the delegates had assembled. The resolutions numbered 281. During the brief session a resolution expressing sympathy for the street railway men of Chicago in their strike, together with the hope that an early settlement might be reached, was adopted.

#### Land for Public Entry.

Des Moines, Nov. 14.—An island containing 250 acres, located in the Missouri river in Monona county, will be offered for public entry within the next thirty days.

#### HEARING NEXT MONTH.

Minnesota Land Case Before Interior Department.

Washington, Nov. 14.—The interior department has set the case of Minnesota vs. Hyde & Co. for a hearing between Dec. 8 and 13. The cases involve the claim by that company for sixty-three acres of land near Virginia on which the claimants located scrip.

In the original survey there was an hiatus in the boundary line and the locator believed the land a part of the public domain. It is claimed by the state under the swamp grant act. Former Attorney General Wayne McVeagh and C. S. Wilson of Duluth appear for the state, while the scrippers are represented by J. B. Foraker, Jr., son of the Ohio senator.

#### ALASKAN MILITARY STATION.

Plans Under Way to Fortify Dutch Harbor.

Washington, Nov. 14.—If present plans of the navy department are carried out Dutch Harbor, Alaska, will become exclusively a military station of the government, adequately fortified and thoroughly equipped as a strategic base for naval ships in time of war. Three or four years ago the department first conceived the notion of establishing a coaling station at Dutch Harbor, for the government was then beginning to realize the importance of that point on account of the growing commerce with the Orient. Dutch Harbor is not far from the track of steamships plying by way of the northern route, between Seattle and the Orient.

#### REPORT FROM MAJOR SCOTT.

No Action on Red Lake Lands Until He is Heard From.

Washington, Nov. 14.—Indian Commissioner Jones has decided to take no action relative to the cession of the Red Lake Indian lands until he has conferred with Major Scott, the Indian agent, and had a report from Inspector McLaughlin, who will be sent there soon. The interior department is not willing to endorse the bill introduced by Representative Stevens on this matter until after the investigation and advice of Major Scott.

#### CUBAN BILL REPORTED.

Measure Ready for Consideration by the House.

Washington, Nov. 14.—The house was in session seventeen minutes. Mr. Payne (N. Y.), chairman of the committee on ways and means, reported the Cuban bill and gave notice that on Monday he would call it up for consideration. By unanimous consent the minority of the ways and means committee was given further time in which to submit a minority report.

## FIREMEN JOIN STRIKE

SUDDENLY WALK OUT OF POW-  
ERHOUSE OF CHICAGO CITY  
RAILWAY COMPANY.

### TWENTY-FIVE CARS MOVE

CROWDS ON THE STREETS HOOT  
AND JEER THE POLICE AND  
NONUNION MEN.

Chicago, Nov. 14.—Twenty-five cars run on the Westworth avenue line without damage to the cars or injury to the nonunion employees operating them was what the Chicago City Railway company was able to accomplish during the day with the assistance of the police department. The cars were run at three different times, five leaving the Seventy-seventh street barns at 8:40, ten leaving at 10:40 o'clock and ten at 3:40 o'clock. In the first two runs the round trip was made in about three hours; in the third in about one and one-half hours.

While there was no active interference with the handling of the cars the crowds that lined the streets jeered and hooted the police and the nonunion men almost without intermission. Only two stones were hurled at the cars during the day; one being thrown by a woman, who made her escape in the crowd before the police could reach her, and the other being hurled from the new postoffice building, now building. Neither stone did damage worth mentioning.

At nightfall the officials of the street car company were inclined to view the day's work as successful, and, on the whole, satisfactory.

The situation was complicated for the company in the evening by a sudden strike of the firemen employed in all six powerhouses owned by the company. The firemen's union two days ago made an agreement with the company for a year. There was a clause in the contract which gave the firemen the discretion to

#### Go on a Sympathetic Strike

if the company declined to arbitrate with the employees now on strike. The company explained its attitude on arbitration and said that it had always been willing to arbitrate the question of wages. The firemen then signed the contract, which was repudiated during the evening. The officials of the firemen's union declared that they had ordered the strike because the company had declined their offer to mediate between the company and the employees now on strike.

The calling out of the firemen involves oilers, water tenders, coal passers, ash handlers and coal supply men; 250 in all. The real danger in this latest strike lies in the attitude of the teamsters. They may decline to deliver coal to the company if nonunion firemen are employed and the company has only three days' supply on hand.

During the afternoon an effort was made to bring about a peaceable adjustment of the strike. The members of the state board of arbitration called on Manager McCulloch and on his suggestion went into conference with E. R. Bliss, counsel for the company, with the hope of arranging a settlement, or, at least, a conference, between the strikers and the officials of the road. Nothing definite was accomplished at the conference and another meeting has been arranged, when a second attempt will be made to have the controversy submitted to arbitration.

#### OCCUPATION OF MUKDEN.

Was Russia's Reply to American Naval Demonstration.

Odessa, Nov. 14.—The Soviet declares that Russia has reoccupied Mukden because the United States government intended to utilize that place as a base of military operations and so compel China to fulfill the terms of the convention between China and the United States government. The Soviet says the reoccupation of Mukden by Russia was a dignified and unequivocal reply to the United States naval demonstration in the Far East.

#### SUBSIDIZE MAIL SERVICE.

Resolutions Passed by the New Zealand House.

Wellington, N. Z., Nov. 14.—The house of representatives has adopted resolutions renewing for three years the call service with San Francisco and also authorizing the government to subsidize a fortnightly and tri-weekly service between Vancouver and New Zealand. The subsidy will be \$100,000 a year providing the trip from Vancouver is made in eighteen days.

#### CHINESE AND RUSSIANS FIGHT.

Czar's Soldiers Pretend the Yellow Troops Are Robbers.

Tientsin, Nov. 14.—It is reported here that Russian troops marching towards Shang Hai Kwan encountered a force of imperial Chinese troops, and that fighting ensued, the Russians, it is asserted, pretending that the imperial force was a band of Chinese robbers. Over 10,000 imperial troops have crossed the frontier into Manchuria.

Contagious blood poison is a cruel and imperious master. It needs not the cry for mercy or the voice of prayer. You may have just recently contracted Blood Poison, or its lingering taint you may have had for years. It is safe to say that you are not cured. The old symptoms and troubles return every now and then. There is only one cure in the world today for Blood Poison in any stage, and that is MEDERINE. It searches out the impurities, cleanses and purifies the system, strengthens and invigorates the whole constitution, clears and beautifies the complexion, and renders the skin soft and velvety.

**One of Many Letters.**  
Geo. W. Wacker, Oswego, N. Y., says: "It is now three years since I took your MEDERINE course of treatment for Blood Poisoning, but I want to inform you of my gratitude for what it did for me. I saved me from worse than a living death. Only for your treatment I should have been on the other side of the grave or in the Madhouse. I would to God that I had the power to spread to the entire world the curative powers of your Greatest of all Blood Cures."

**An Ulcer Cured.**  
H. Brown, Fargo, N. D., writes: "I had an ulcer on my leg, and learning of the remarkable cure MEDERINE was making, I used in all two courses of your treatment, and to my surprise the ulcer was healed. The doctor told me there was no hope for me. You can imagine my great joy over being cured, after years of suffering and waste of money. Use this as will best serve the public."

Write MEDERINE REMEDY CO., Duluth, Minn., for their system of treatment. All letters answered. Illustrated booklet containing testimonials of cures mailed free.

### THE GOVERNORSHIP.

Judge Collins' announcement of his candidacy for governor, it is said, has fallen flat in the cities and throughout the state generally, as it is believed the Judge has again been induced to try for the nomination by a coterie of politicians who are doing everything possible in opposition to R. C. Dunn, whose splendid administration of the office of state auditor for several years makes him the favorite of the common people of the state. And although Mr. Dunn has not formally announced himself, that he will be a candidate, is generally known and believed, as he is being urged by his hosts of friends throughout the state to announce himself.

Mr. Dunn has served the people of the state in minor capacities so faithfully and zealously that his friends believe he should be called to the more important post of governor, where his usefulness will have a wide scope and redound in greater benefit to the people. It is known to everyone how, as a member of the legislature, he fought so zealously to preserve the public lands of the state from the timber sharks, that it resulted in his triumphant election as state auditor, and in this capacity he was so fearless in the performance of his duty that he gained the title of "Honest Bob Dunn." Thousands of acres of land have been preserved for the public schools by his foresight in detecting fraud and fighting it fearlessly. He was also, during his term as state auditor, the terror of the tax dodgers, especially the millionaire iron mine owners, and as a result of his efforts, millions have been added to the tax rolls of the state. In view of his efforts for the benefit of the common people, the small taxpayer, the DISPATCH feels he should be nominated and elected to the position of governor, where he will render even greater services.

Judge Collins is an able jurist, but his candidacy, fathered as it is by politicians who desire to beat Dunn because of his services to the people in the past, should be frowned upon by all who desire the common welfare.

### WEST MINSTRELS.

Long noted as one of the leading attractions of its kind in America the W. H. West minstrels are said to be even larger and stronger this season than ever before, carrying as they do one of the largest and most expensive equipments of any minstrel company in the world. The color arrangement in the costuming and scenic first-part setting is described as being particularly beautiful and striking, the entire scheme of color being cerise and gold. The scenery represents the interior of a bandstand in one of the palaces of the old world, and is embellished with actual reproductions of statuary of some of the world's greatest sculptors. The West minstrels this season, besides presenting a long list of leading black-face comedians, has a remarkable number of great singers; in fact, they actually have sixteen vocalists, and it is said that this feature alone is bringing forth the most fulsome praise from all sides. An entirely new departure is the introduction of an operatic burlesque which closes the performance. It is built for laughing purposes only and in it are introduced four specially costumed musical numbers. The entire company of forty people participate in this comedy and it has proved a novelty that will be most generally followed in minstrelsy, if one is to judge by the favor with which it has apparently been received. They come to the Brainerd theatre Monday, Nov. 23.

City to Be Congratulated On Her Excellent Building and Thriving Y. M. C. A. Association.

Brainerd should be thankful for and proud of its Young Men's Christian Association. We have a building that is far above the average for a city of 10,000. The association has been doing very good work the past year, and its credit and standing are first-class, as all obligations have been met and all money given for the work has been used in the best way. The members of the board and general secretary will soon make the annual subscription for the support of the association during the coming year, and it is their wish that all citizens will do their part, that the association may still stand for that which is good, and that the many men of Brainerd may have a Y. M. C. A. There is only one way to do this and that is by the aid of membership dues and subscriptions by the citizens. The membership dues are \$5.00 per year. Tickets are good on any association in America and Canada. All men are cordially invited to visit the Y. M. C. A. building. Open each day from 9 a. m. to 10 p. m. Sundays from 3 to 5 p. m.

# SIMPLE REMEDY FOR CATARRH.

Just Breathe Hyomei Four Times a Day and be Cured.

If a few years ago some one had said you can cure catarrh by breathing air charged with a healing balsam, the idea would have been ridiculed and it remained for that eminent investigator, R. T. Booth, to discover in Hyomei this method of cure.

Hyomei has performed almost miraculous cures of catarrh and is today recognized by leading members of the medical profession as the only advertised remedy that can be relied upon to do just what it claims. The complete outfit of Hyomei costs but \$1.00 and consists of an inhaler, a medicine dropper and a bottle of Hyomei.

Breathe Hyomei through the inhaler for a few minutes four times a day and it will cure the worst case of catarrh. It soothes and heals the mucous membrane of the air passages, prevents irritation, and effects a complete and lasting cure.

## REID LED A GAY LIFE

And as a Result He will Appear Before Judge Spooner at Bemidji and be Returned to Stillwater.

William Reid, 39 years old, cousin of Opie Reid, the novelist, and son of Col. W. S. Reid, prominent in Minneapolis business and society circles, was arrested here on complaint of his father, charging him with breaking his parole from the state prison at Stillwater by using morphine and other narcotics and leading a disorderly and disgraceful life generally, says a Bemidji dispatch to the Minneapolis Journal.

Reid, Jr., was sentenced to three years in prison in November, 1901, for grand larceny in the second degree, receiving a parole in April, 1903, through the influence of his father, on the grounds of ill health.

The arrest has created a sensation in Bemidji where the prisoner, by his father's influence and acquaintance has been a leading society light for a month. He appears to be no more than thirty, is handsome and of attractive personality. He soon became popular with the ladies and, possessing a good tenor voice and an aptitude for serenading, worked his way into the affections of more than one. Not all of the latter were unmarried and interesting complications from a local source were treading fast on the young man's heels when the end came.

Stories of his fast life reached the ears of Col. Reid who decided his son was better off in prison than out.

Nothing was said of Reid's past life when he was admitted to the inner circles. The colonel's word was regarded as sufficient. Young Reid is a reporter of ability and has worked on leading Chicago newspapers. He will appear in district court before Judge Spooner and will then be taken back to Stillwater.

City to Be Congratulated On Her Excellent Building and Thriving Y. M. C. A. Association.

Brainerd should be thankful for and proud of its Young Men's Christian Association. We have a building that is far above the average for a city of 10,000. The association has been doing very good work the past year, and its credit and standing are first-class, as all obligations have been met and all money given for the work has been used in the best way. The members of the board and general secretary will soon make the annual subscription for the support of the association during the coming year, and it is their wish that all citizens will do their part, that the association may still stand for that which is good, and that the many men of Brainerd may have a Y. M. C. A. There is only one way to do this and that is by the aid of membership dues and subscriptions by the citizens. The membership dues are \$5.00 per year. Tickets are good on any association in America and Canada. All men are cordially invited to visit the Y. M. C. A. building. Open each day from 9 a. m. to 10 p. m. Sundays from 3 to 5 p. m.

## SIMPLE REMEDY FOR CATARRH.

Just Breathe Hyomei Four Times a Day and be Cured.

If a few years ago some one had said you can cure catarrh by breathing air charged with a healing balsam, the idea would have been ridiculed and it remained for that eminent investigator, R. T. Booth, to discover in Hyomei this method of cure.

Hyomei has performed almost miraculous cures of catarrh and is today recognized by leading members of the medical profession as the only advertised remedy that can be relied upon to do just what it claims. The complete outfit of Hyomei costs but \$1.00 and consists of an inhaler, a medicine dropper and a bottle of Hyomei.

Breathe Hyomei through the inhaler for a few minutes four times a day and it will cure the worst case of catarrh. It soothes and heals the mucous membrane of the air passages, prevents irritation, and effects a complete and lasting cure.

In Brainerd there are scores of well known people who say they have been cured of catarrh by Hyomei. If it does not cure you, H. P. Dunn & Co. will return the money you have paid for Hyomei. This is the strongest evidence that can be offered as to their faith in the remedy.

It enters the blood with the oxygen, killing the germs in the blood, and restores health to the whole system. A. H. GREEN KILLED  
"FATHER OF GREATER NEW  
YORK" MURDERED BY AN  
INSANE NEGRO.  
ASSASSIN IS UNDER ARREST  
THREE OF THE FIVE BULLETS  
FIRED STRIKE THE VICTIM  
IN THE HEAD.

New York, Nov. 14.—Andrew H.  
Green, the "father of Greater New  
York," was shot and instantly killed  
during the day on the steps of his  
home in Park avenue by Cornelius M.  
Williams, a negro, who is believed to  
be insane.

The negro said, after the shooting,  
that Mr. Green had slandered him and  
that he shot to save his character.  
There were three witnesses to the  
tragedy, Mrs. Anna Bray, a domestic  
in Mr. Green's family; Emil Michel-  
son, an errand boy, and Patrick Dyer,  
a cabman. According to these wit-  
nesses the negro was waiting for Mr.  
Green to come home from his office.  
Shortly after 1 o'clock Green alighted  
from a Fourth avenue car in the tun-  
nel at Fortieth street and, ascending  
the steps to the street, walked slowly  
toward his house, across the street.  
The negro was standing in the ves-  
tibule of the house and as Mr. Green  
started to ascend the two steps lead-  
ing to the hall door, Williams ad-  
vanced toward him. There was a  
brief interchange of words. Then the  
negro drew a revolver and fired five  
shots. Mr. Green sank to the pave-  
ment, blood streaming from the head,  
while his slayer, returning the re-  
volver to a pocket, leaned against the  
railing of the stoop, as if awaiting ar-  
rest.  
William H. Burns, carriage starter  
for a hotel, seized Williams as the ne-  
gro was about to walk away and  
turned him over to a policeman, who  
arrived a moment later. A physician  
soon arrived and

Pronounced Mr. Green Dead.  
As the negro's victim fell a young  
woman rushed out of the house and  
took Green's head in her lap, at the  
same time calling on him to speak to  
her.

A cursory examination revealed  
one wound in the left side of the  
head, one in the left temple and another  
at the base of the brain.

The policeman searched Williams  
and found the revolver, which was  
still warm. At the police station  
Williams was examined. The police  
have little doubt of the negro's in-  
sanity. Williams acted as though he  
felt he had performed a meritorious  
deed. He said he was single and  
forty-three years old.

The prisoner answered without hesi-  
tation, or irritation, all questions put  
to him and spoke like a man firm in  
the conviction that he had been deeply  
wronged by the man he had murdered.  
The prisoner said he was a native  
of Virginia and that he supported him-  
self by taking care of furnaces. Wil-  
liams was taken to the Tombs and  
placed in a cell.

Mr. Green, who was a bachelor,  
lived with his nephew, Timothy R.  
Green, and three nieces, Timothy R.  
Green said that his uncle had never  
before seen the man who shot him.

RUSTLERS ARE AGGRESSIVE.

South Dakota Cattlemen Angered by  
Costly Depredations.

Sioux Falls, S. D., Nov. 14.—The  
settlemen in the western part of Fall  
River county, west of the Pine Ridge  
Indian reservation, have been greatly  
angered by the depredations of cattle  
"rustlers," who have recently become  
very bold in that section. Cattle are  
disappearing from the range in a mys-  
terious way and parties on the range  
are suspected of slaughtering them  
and selling the beef at Hot Springs,  
Edgemont and other towns in the  
southwestern part of the state. It has  
even been discovered that some of the  
stolen beef has been taken as far as  
Newcastle, Wyo., and sold there.

Preliminary to waging a systematic  
warfare on the "rustlers" the cattle-  
men will publicly call attention to  
the state law, which provides a heavy  
penalty for the failure of persons sell-  
ing beef to exhibit the hides of the  
animals. When this has been done  
the cattlemen will see that the law is  
strictly enforced, and if the "rustlers"  
continue to violate it, and are de-  
tected in the act, no efforts will be  
spared to secure their conviction and  
imprisonment in the Sioux Falls peni-  
tentiary.

MESSANGER BOYS WIN.  
Western Union Concedes Demands at  
Cambridge, Mass.

Cambridge, Mass., Nov. 14.—A  
strike of messenger boys at the Har-  
vard Square office of the Western  
Union Telegraph company was settled  
during the day when the company con-  
ceded the demands of the boys. This  
action on the part of the company  
followed the receipt of a notification  
from President Elliott of Harvard  
that the girls who took the places of  
the striking boys would not be al-  
lowed to carry messages to the dor-  
mitories of students.

Bozeman, Mont., Nov. 14.—Henry

Mandaw. The shooting followed a  
quarrel between the brothers.

Robbery Evidently the Motive.

Springs, was found dead during the  
day with his throat cut from ear to

prompted by robbery.
